AWAKENING YOUR LIGHT BODY

About this course. . .

Orin and DaBen

Have you been wondering what's next? Have you been seeking a guided path of spiritual growth? Have you been ready for a quantum leap but not known how to make it happen? This course has been designed by DaBen and Orin for those of you who are open to the new and want to live in the higher ways you know are possible. This is a step-by-step program of meditation to teach you how to become aware of increasingly higher dimensions and yourself as you exist there. As you work with your light body, you will gain more sensitivity to subtle energies of your soul and the soul plane.

This course has been carefully planned for your success. This course has been designed to take you step-by-step, in a balanced, integrated way, to the awakening of your light body. DaBen and Orin have put this course together with simple, fun, easy-to-follow instructions. When you enroll, Orin and DaBen will send you a special transmission of energy to assist you in awakening your light body as you take this course. .

In this course DaBen will transmit the energy and sounds to awaken your seven vibrational energy body centers (not the chakras) that harmonize your physical, emotional, and mental energy bodies. When these are harmonized, you will learn the three light body centers.

Orin leads you through processes to transform your personality, to open the channel to your Higher Self and/or guide, to discover your life purpose, and more. You will learn many expanded states of consciousness. DaBen and Orin will teach you the highest tools of light they know to accelerate your growth and to help you live as your soul and Higher Self.

Awakening your light body is one path to enlightened states of consciousness and living life on earth as your Higher Self and soul. We invite you to join us in the *Awakening Your Light Body* course.

We send you light as you transform into the new you.

2. Are you interested in experiencing higher, expanded states of consciousness?
3. Is finding and living your higher purpose important to you?
4. Are you fairly open to the new? Are you willing to let go of those things that no longer serve your higher good, and are willing to create those things that do?
5. Are you somewhat self-reliant and creative? Do you trust your inner guidance and seek to follow it with action?
6. Do you believe you create your own reality?
7. Are you aware that you have a Higher Self and soul? Are you drawn to such things as meditation, learning how to channel, developing your psychic or clairvoyant abilities, or other things that expand your consciousness?
8. Is your spiritual growth important to you and are you willing to devote some time and energy to it every week?
9. Are you receiving inner guidance to create new things in your life, to put more time and energy into your higher path and purpose?
10. Have you learned how to deal with the emotional issues that may come up as a result of being on a path of spiritual growth? Do you look for the good in every experience?
11. Are you sensitive to energy? Do you want to learn more about subtle energies and how to work with them?
12. Do you believe you deserve to have a wonderful, joyful, and abundant life?
